THERMOSTATS

new series!

1 Heat 8405  
1 Cool 8406

## Designer Digitals

Finally, a thermostat that combines Function and Fashion.

Functionally, the 8405 and 8406 Robertshaw thermostats come with all the great features you'd expect. They both have a large backlit display – 80% larger than other competitive models. Both operate with 2 AA batteries. Both are compatible with all standard 24 VAC heating and cooling systems.

Fashionably, the 8405 and 8406 Robertshaw thermostats can blend with any decor using exclusive Stat-Snaps™ (sold separately). Four styles of faceplates are available: Polished Black, Antique Bronze, Brushed Stainless, and Custom Clear. The Custom Clear can be painted or wall papered to custom match any decor.

You get all of this in a cool new look. We've delivered the desired "touch screen" appearance - a flush, smooth, easy to clean face – without the high price of a touch screen.

When you select a Robertshaw thermostat, you've made the choice of an industry partner that's been making quality products for over 100 years. Come home to affordable comfort. Come home to Robertshaw.<sup>SM</sup>

## Features and Benefits

### Stat-Snap™

The custom thermostat cover that applies in a snap.

### Larger Back Lit Display

Makes viewing and setting the temperature easy and accurate.

### Quick Connect Wiring

Fast and easy installation. Uses sturdy wire clamps – no wrap-around of screws.

### Automatic Compressor Short Cycle Protection (8406 only)

A system safeguard. Reduces wear and tear of HVAC equipment.

### Adjustable Temperature Differential

Maintains optimal customer comfort.

### Toll-Free Assistance

Toll-Free Technical Service number printed right on the thermostat provides immediate assistance.

Energizer® Batteries Included
